## FOREWORD

This is the twenty-fifth edition of the Episcopal Clerical Directory. Although soft-bound for the first time, it continues and builds upon its predecessors which have provided valuable and immediate reference material to the Church since 1898.

It includes the names and biographical data of all clergy of the Episcopal Church, active, inactive, and retired as provided by the Recorder of Ordinations and The Church Pension Fund. Deaths and transfers are noted with a reference to the last edition where a full biography appears. Depositions and removals are recorded in a separate list at the end of the book. The addresses and present positions are current as of October 1, 1974. Further biographical material, professional history, and published works were reviewed and updated by the clergy themselves. In compiling a book of over 12,000 names, brevity is important. For that reason some editing was necessary where activities were too numerous for our limited space. However, every effort was made to include all church related data.

We would like to express our sincere thanks to the clergy for their cooperation in providing the necessary information; to John Ronan and his staff for their superb job in editing and compiling the material; and to Olive Moore for her shepherding of the entire project.
