Foreword

The 1993 edition of the *Episcopal Clerical Directory* marks the thirty-fourth volume in the series, the tenth in its biennial format, and reflects changes in the clergy list from October 15, 1990, through October 15, 1992.

This volume contains the names and biographical data for all clergy in good standing, both active and retired, as provided by the Recorder of Ordinations. Deaths and transfers which have occurred since the last edition are noted under the individual surname with a reference to the previous edition, where a complete biography may be found. Entries which appear in bold face type indicate that we have received updated material current through October 15, 1992. In compiling a book of more than 15,000 biographies, brevity becomes increasingly important. For that reason some editing has been necessary where activities were too numerous for our limited space. However, every effort was made to include all church related data.

We are especially grateful to the nearly eleven thousand clergy who reviewed and updated their biographies. Please note, however, that all of the material contained in these entries has been provided exclusively by the biographees themselves; the Publisher therefore cannot verify the accuracy of the contents.

For the first time this year, we have included a post card in each volume which will allow you to update your position and address between editions. Use of this card should increase both the efficiency and the service of the Episcopal Clerical Directory.

January 1993
